**MEMBER ASSOCIATED PRESS.**

THE RECORD IS THE OFFICIAL  
PAPER OF THE COUNTY OF  
CHAVES AND THE CITY OF  
ROSWELL.

AN advertisement to insure insertion is the same day's issue of The Record should be in the printer's hands before eleven o'clock in the morning. Orders for taking out any standing ad. should also be in the office by eleven o'clock to prevent its being run that day.

**FOR SHERIFF.**  
I hereby announce myself a candidate for Sheriff of Chaves county, New Mexico, subject to the action of the Democratic primaries.  
G. H. HALE.

The Chicago Tribune has cut out the patent medicine ads.

There would be no end to arguing if everybody was wrong.—New York Press.

The first business of the philosopher is to part with self-conceit.—Epictetus.

The Record wants to hire a good all-round printer, to assist in the job department, set ads., do press-work on Gordon or Peerless and make himself generally useful.

After all the definitions of a good ad. have been considered, we shall have to agree that "store talk," the kind that actually results in the sale of goods, is the best.—Printers' Ink.

The death knell to gambling has been sounded in Texas. The supreme court holds the anti-gambling measure to be constitutional, and gambling can be enjoined any place in the state on proper complaint.

Marshall Field has been dead about two weeks now, and not a coyote has let out a yelp. That goes to prove that a man can be very wealthy and yet command the universal respect of men.—Fort Worth Record.

Democrats have been, are now, and always will be the most independent of all voters. If all of them always attended the primaries and looked after the nomination of the right men, they would not often have occasion to scratch the ticket on election day.

One important purpose of the Chaves County Medical Society is to protect the public against traveling humbugs, quacks and alleged "healers" by "magnetism," "Christian Science," and other charms for touching the pocketbook. Stick to your old family doctor, and beware of the charlatan and the transient notoriety seeker.

The notice of Dr. Martin in another column was written in the Record office entirely without solicitation, and the information was gained in an ordinary conversation after proper introduction, just as we would seek information about any other business or professional man who is just opening an office in Roswell.

If the Register man will take the trouble to read the "Primary Pledge," as published in the Record, and originated by William J. Bryan, he will observe that there is no ref-

erence whatever to voting the Democratic ticket. It is simply a pledge to attend the primaries and see that the people make the nominations. The Democratic party is governed by the rank and file, not by the dictation of the bosses as the Republican party is governed.

"Resolved: That it is all the point of view. Everything is the color of the glass in your spectacles. You can have rose-colored glass as cheaply as blue. The world is very, very beautiful, if you but wipe from your spectacles the smudge of worry, fear, malice, jealousy and hate. Look, dear brothers, at the glorious sky, the trees and mountains. Think of the kind hearts, hear the sweet music, smell the fragrant flowers, and realize what a blessing it is to hear and see and smell and live."—Buster Brown.

**A NEW ATTORNEY GENERAL.**  
The Santa Fe New Mexican publishes an article stating that Attorney General George W. Prichard contemplates retiring from official life in the near future. We quote: "As is well known Colonel Prichard holds the office of attorney general, which position he has filled ably and creditably during the past fourteen months and ever since the death of the late Edward L. Bartlett, who was attorney general of the Territory for many years, and one of the best who ever served the people in that capacity. Colonel Prichard has many private interests which he desires to attend to and much private law business which demands his personal attention and much of his time."

A Denver paper publishes a special dispatch from Santa Fe upon the same subject, and adds that Captain W. C. Reid, of Roswell will be appointed as successor to Mr. Prichard. The Record would be pleased to see Captain Reid receive the appointment. He is one of the best lawyers of the Pecos Valley, possessing a judicial temperament rather than the disposition of a fighting lawyer, and would, we believe ably and fairly administer the duties of the office of attorney general, which is largely an advisory position.

**LET HIM FIGHT NOW.**  
From Bryan's Commoner.  
One of Mr. Roosevelt's enthusiastic admirers says that while Mr. Roosevelt does not desire to become a candidate for another term, "if duty demanded," he would "continue this fight." In other words, this admirer says that if it is necessary for Mr. Roosevelt to be a candidate for a third term in order to wage war against special interests, he will not shrink from the task.

That is all very interesting, to be sure. But Mr. Roosevelt is already in office. He has more than three years yet to serve. He is now possessed of all the power he would

have after an election to a third term. Let him justify the confidence the people have shown in him by proceeding to exercise that power.

It will be time enough for Mr. Roosevelt's friends to talk about a third term when he shall have engaged in something more than a sham battle.
